

# PET Rolled Edge Tray

## For Over-Wrap and VSP

The Clearly Clean PET Rolled Edge Tray can be used for both Over-Wrap and VSP applications. The proprietary rolled edge provides a smooth surface for over-wrap and VSP films preventing LEAKERS during production and transportation. The tray's superior strength can withstand the rigors of the most demanding packaging equipment again and again minimizing tray waste. The Clearly Clean PET Rolled Edge Tray will help you meet all of your sustainability goals and provide a crystal clear tray that will make your product the STAR.

### CLARITY

Display your product in Clearly Clean's crystal clear PET trays. Make your product the STAR of the package.

### EFFICIENCY

Clearly Clean PET trays can immediately replace all Styrofoam trays on high-speed packaging machinery.

### STRENGTH

Clearly Clean PET trays will not break during production or transportation and will always provide superior strength to Styrofoam trays.
