

**100% recyclable**

# VACUUM SKIN PACKAGING™ PET Tray

Vacuum Skin Packaging (VSP) trays are used to extend the shelf life of products by increasing protection of food from oxygen and water. The Clearly Clean solution offers a recyclable PET tray with superior performance characteristics. The VSP production process can be challenging, but Clearly Clean's tray will not be an issue because you can re-work it again and again.

## CLARITY

Display your product in Clearly Clean's crystal clear PET trays. Make your product the STAR of the package.

## EFFICIENCY

Clearly Clean PET trays can immediately replace all Styrofoam trays on high-speed packaging machinery — no need for an equipment change.

## STRENGTH

Clearly Clean PET trays provide superior strength to Styrofoam and will not break during production or transportation.
