MODIFIED ATMOSPHERE PACKAGING

Patented PET Tray

The DuPont Award winning Clearly Clean MAP tray

Recyclable

Clearly Clean's patented technology allows you to offer the WORLD'S ONLY PATENTED recyclable MAP tray. Consumers merely need to peel the protective liner to recycle the tray. Recyclable MAP trays achieve longer shelf life by protecting food from natural enemies: oxygen and water. Our trays are made of PET and provide a superior barrier alternative to polypropylene or Styrofoam trays.

CLARITY

Clearly Clean's recyclable MAP trays are available in multiple colors, including crystal clear. The latter allows you to make your product the STAR of the package.

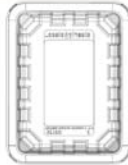

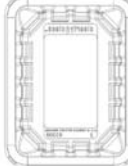

EFFICIENCY

Clearly Clean PET trays can immediately replace all Styrofoam trays on high-speed packaging machinery — no need for an equipment change.

STRENGTH

Clearly Clean PET trays are THREE TIMES STRONGER than Styrofoam and will not break during production or transportation.
